Uhrineves, Prague, Chzech Republic

Dear Mr. Fucik:

On behalf of the National Model Railroad Association, I am pleased to inform you that the following products have been inspected and found to be in conformance with the Standards of the National Model Railroad Association:

DCC Accessory Decoder for Servo Switch Machines

By meeting the NMRA's rigorous requirements, **Conformance Warrant 2017-0002** has been issued for this product and will be added to the NMRA Conformance Warrant List.

You are hereby granted permission and encouraged to proudly display the NMRA Conformance Seal on your products and in your advertising. This warrant is based on the firmware and connectors in the decoders. Other decoders that use this firmware and have NMRA recognized connectors may use this same warrant number.

We appreciate your support of and participation in the NMRA Conformance and Inspection Program.

Very truly yours,

A handwritten signature in black ink that reads "Didrik A. Voss".

Didrik A. Voss, MMR
Manager, Standards & Conformance Dept.
